The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified
into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour
is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal
you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The
advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

DREYFUS IS WOUNDED.

French Captain Twice Fired at
and Shot In Hand.

ASSAILANT FARES BADLY.

With the Utmost Difficulty Soldiers
Prevented the Enraged People From
Beating to Death the Individual Who
Committed the Act.

Several Alleged Insulted.

Atlanta, June 4.—Brooks Saber was
fined \$25.75 on charge of insulting several
little girls.

Paris, June 4.—At the conclusion
of the ceremony Thursday morning
in connection with the placing of the
remains of Emile Zola in the Pantheon,
and while the procession was
emerging from the portico to witness
the defile of troops, a member of the
stiff of the France Militaire, who gave
his name as Gregori, fired two shots
point blank at Major Alfred Dreyfus.

The latter, however, was only struck
once—in a hand. His assailant was
arrested. Dreyfus' injuries are slight.
The incident occurred at the foot
of the catafalque directly in front of
the tribune, from which M. Dou-
mergue, minister for public instruc-
tion, delivered a eulogy on M. Zola's
matchless courage in arousing the con-
science of the nation to the necessity
of doing justice to Dreyfus. As the

CAPTAIN ALFRED DREYFUS

last refrain of the orchestra's playing
of "Chant du Depart" was floating
away through the classic temple, and
as President Faillieres and members
of the presidential party, after shaking
hands with Madame Zola and her
two children, were moving out toward
the portico to review the garrison, two
sharp reports startled the vast assem-
blage. For an instant every one be-
lieved President Faillieres had been
shot.

A scene of indescribable confusion
followed and many women shrieked
and fainted. The crowd surged for-
ward, but was quickly broken and scat-
tered when members of the Republic-
can guard rushed up. The assailant of
the major was struck down. A fierce
knot of soldiers and civilians was
struggling over Major Dreyfus and his
fallen assailant.

Major Dreyfus, his hawk-like fea-
tures pale as death, but manifesting
complete composure, was holding up
his hand, from which blood was
streaming, while the soldiers with dif-
ficulty prevented the enraged crowd
from beating and kicking the man on
the floor.

The assailant of Dreyfus was
dragged to his feet. He presented a
pitiable spectacle. Blood smeared his
face. His wild eyes looked around ap-
pealingly, as if for sympathy, but they
met only the angry crowd, and his
ears heard only imprecations upon his
foul deed. The man's clothing was in
shreds and his coat and vest had
been literally torn from his body.

Major Dreyfus, accompanied by his
brother, Matthew, who was the first
to strike the assailant, after he fired.
Dr. Pozzi and several other friends,
were led away to the mayor's office,
opposite the Pantheon, where his
wound was dressed.

After having his wound dressed
Major Dreyfus was taken to his home
where he was rejoined by his wife,
who was with him when he was shot.

The news spread like wild fire
through Paris and caused a veritable
panic, as it was at first believed Presi-
dent Faillieres had been killed.

The crowd around the Pantheon was
driven back and all streets leading to
the temple barred. Twenty arrests
have been made.

Gregori's act was undoubtedly in-
spired by the campaign which the re-
actionary press has been conducting
against Zola as the "insulting of the
army" and "traducer of his country."

Further more the Catholic Faith, the
paper to which Gregori is attached,
is a supporter of General Boulanger
and violently opposed to Dreyfus.

A special edition of La Libre Parele,
published Wednesday afternoon, con-
tained matter which was direct to in-
cite violence.

Senator Bailey at New York.

New York, June 4.—Senator Bailey
and family are at New York, where the
senator underwent Thursday another
operation of the throat. This is the
second operation since his return from
Texas. If it turns out favorably he
will leave about June 15 for Texas. He
still expects to be able to go to
Denver.

BRYAN, TEXAS, JUNE 5, 1908.

A weed is a plant, the use of which has not been discovered. Kill the weeds.

The newspapers that echo H. Clay Pierce's whine that he can't get justice in Texas have little regard for the honor of the State.

The planet Venus is now very brilliant, and can be seen even in broad daylight. In the evenings it is near the moon.

Frederick J. Haskin says that times of depression, like the present, are the growing pains of a youthful and growing country.

The Fort Worth Star advocates soap factories using the surplus dogs as raw material to supply the animal fat. The Star has original ideas.

Since R. R. Williams announced for governor, people have been looking on

the map of Texas for Cumby. Well, Cumby is near the line between Hopkins and Hunt counties, and is better known by its former name of Black Jack Grove.

The announcement that the Yaquis have submitted to the Mexican government means that the grafters have worked the Yaqui racket as long as they can. To those who know the facts, it is surprising that they were able to keep it up as long as they did.

A South Carolina candidate, who makes his living by hauling wood, says in his announcement that if not elected he can continue to haul wood. This proposition is a better vote-getter than to whine that he don't know how he is to live if he fails to get the office.

A visitor from an East Texas county said a few days ago that there is a man in his county running for office on his Confederate record, who gives his age at 50 years. The war ended 43 years ago, so he was a soldier when seven years old.

Having failed in all their efforts to besmirch the character of W. J. Bryan, his unscrupulous enemies are now trying to discredit him on account of his clean life—trying to convince the people that he is too good a man to make a good president. No higher compliment was ever paid to any man on earth.

Puritanism seems to have gone to seed in Georgia. In the last gubernatorial campaign the burning question was whether a certain marble statue, in which one of the candidates had an interest, was decently dressed. This year it is whether one of the candidates has a ball-room in his home.

The testimony on file in the government's suit against the Standard Oil company now contains more than 2,000,000 words, and another million is to be added before the case comes to trial. Looks like Standard Oil is trying to pile up testimony so that no set of judges will live long enough to read it all.

Commander Peary has spent \$80,000 of his own money in his search for the north pole, and now he is appealing for help. If he could show that finding the pole will do any good beyond satisfying an idle curiosity, the money would doubtless be forthcoming, but it will be hard to convince anybody that his motive is not to write his own name high on the scroll of fame.

HONORS PAID TO EMILE ZOLA.

Dallas, June 3.—Following are the names of the candidates who have made application for places on the official ballot in the Democratic primary for State officers:

For governor—T. M. Campbell of Anderson county, R. R. Williams of Hopkins county.
For lieutenant governor—A. B. Davidson of DeWitt county, C. W. Geers of Denton county.

For comptroller—J. W. Stephens of Travis county, Bob Barker of Bexar county, G. F. Parker of Erath county, Charles B. White of Fannin county, J. R. Blades of Henderson county.
For railroad commissioner—O. B. Colquitt of Kaufman county, Theodore B. Thomas of Harris county.

For land commissioner—Thomas P. Stone of McLennan county, J. T. Robinson of Travis county.

For State treasurer—Sam Sparks of Bell county.

For superintendent of public instruction—R. B. Cousins of Travis county, J. M. Alderdice of Ellis county.

For commissioner of agriculture—R. T. Milner of Travis county.

For judge of court of criminal appeals—W. F. Ramsey of Johnson county (to fill vacancy), W. L. Davidson of Williamson county (regular term), O. S. Lattimore of Tarrant county (regular term).

For associate justice of supreme court—F. A. Williams of Travis county.

In addition to the above, all the candidates for presidential electors recommended by the Fort Worth convention have filed formal applications and will be placed on the State ticket.

READY TO TAKE UP CONTESTS.

Chicago, Ill., June 4.—Chairman New and the members of the Republican National committee are here in readiness to begin tomorrow the most important part of the pre-convention work. For the next week the committee will be engaged daily in the work of considering and deciding the contests filed for seats in the National convention. The contests total nearly 200, and include the entire State or Territorial delegations in some cases. The great majority are from the South and arise from the differences between the "white" and the "black" factions of the Republican party in that section. In Virginia, Louisiana, Alabama and a number of other States both factions held conventions and elected delegates to the National convention. It is now up to the National committee to decide which of the rival delegations is entitled to recognition by the convention. The contests will be taken up according to the alphabetical order of the States and Territories. The first to be considered, therefore, will be those from Alabama.

REMEMBERS NAPOLEON'S MOSCOW CAMPAIGN.

St. Petersburg, June 4.—Michael Boudnikoff, who has just arrived in St. Petersburg from Tver to collect a prize of \$2,500, is one of the most remarkable characters in Russia. He is believed to be more than 125 years old, though he still sees and hears well, and personally looks after affairs on his farm.

Boudnikoff joined the Russian army in 1797, according to records still in existence, and for eighty years he served as a hussar. He was a grown man when Napoleon invaded Russia and remembers many of the stirring incidents in connection with the famous Moscow campaign. He was personally known to General Kutuzoff, and was still serving in the days of Skobeleff, who also showed him personal marks of his favor.

Boudnikoff won the medals of St. George and forty other medals and crosses of distinction, and two medals for saving life in the course of his long military service. The two chief Russian writers on Napoleon's invasion of Russia learned from him many interesting details of the campaign, of which he has lively recollections.

TO CONTROL COTTON.

Paris, June 3.—Remarks and discussions in the fifth international congress of cotton spinners and manufacturers, in session here, indicate that all Europe stands in fear of the monopoly of the cotton industry by America.

The members of the congress seem to feel that there is urgent necessity for freeing the cotton manufacturing industry from American domination of the price of raw material.

To remedy this condition European delegates advocated, first, some means to put a stop to improper speculation; and, second, the extension of the cotton producing area outside of the United States, especially in the colonies of Europe and in Africa and Egypt. The American delegates contend, on the contrary, that the Southern States of the United States are the natural field for the production of cotton, and that ultimately they will be capable of producing 100,000,000 bales a year.

POLITICS AND POLITICIANS.

It is said that John A. Aylward of Madison, who was the Democratic candidate for governor of Wisconsin two years ago, may try for the nomination again.

Don S. Dickerson, who succeeds the late Governor Sparks as governor of Nevada, is thirty-four years old, and the youngest governor Nevada has ever had.

Sumner W. Haynes, Prohibitionist candidate for governor of Indiana, was a quarter of a century ago a candidate for attorney-general on the Prohibition ticket.

Former United States Senator William E. Mason of Illinois is working overtime in the interest of his candidacy for nomination for his old seat again.

Denver expects more than 100,000 visitors during the National Democratic convention next month. The reservations from New York State alone number eleven hundred.

The Prohibition forces did not gain much in the recent Denver city election, but scored heavily a week later in the State election in North Carolina.

Several hundred students of the University of Chicago met recently and formed a William H. Taft Republican club.

The Marion Club of Indianapolis, 500 strong, and accompanied by a band of 100 pieces, plans to attend the Chicago convention in the interest of the Fairbanks' candidacy.

Presidential aspirants should beware. The coming Republican National

convention in Chicago will be the thirteenth since the organization of that party.

Louis P. Shackleford and Richard Shea of Juneau, comprising the Alaskan delegation to the Republican National convention, have already arrived in Chicago.

E. C. Wall of Milwaukee, who aspired to the presidential nomination four years ago, is now being talked of in connection with the Democratic nomination for governor of Wisconsin.

One of the surprises offered by the recent Republican State convention in Idaho was its failure to include Sena Heyburn and Borah and Governor Gooding among the delegates selected to attend the National convention.

It is reported that Thomas F. Ryan, the millionaire capitalist of New York and Virginia, will lend his aid to the efforts of Senator John W. Daniel to prevent the Virginia delegation to the Denver convention from being instructed by Bryan.

Lieutenant Governor John C. McKinley of Missouri is mentioned as a possible candidate for the Republican nomination for United States senator. He is expected to make formal announcement of his candidacy within the next few weeks.

John Sharp Williams, leader of the minority in the house, and recently elected United States senator from Mississippi, will be heard this summer on the lecture platform in California, Wisconsin, Texas, and several other States.

William P. Myers, one of the five

living delegates to the first National convention of the Republican party at Philadelphia in 1856, has arranged to attend the coming National convention in Chicago. He will attend in response to a special invitation sent him by Chairman New of the National committee. Mr. Myers is 87 years old, and has lived all his life in Mercer county, Illinois.

CELEBRATED FOURTH BIRTHDAY.

Little Miss Frances Marguerite Hamilton's fourth birthday came last Tuesday and was made the occasion of a beautiful children's party by her parents, Mr. and Mrs. J. W. Hamilton. About twenty little friends of the fair haired little hostess came to enjoy the afternoon with her in response to the dainty invitations issued. The wide verandas afforded a pretty place for the childish games, and after the little folks were beginning to tire of play they were invited to the dining room, where each was served with refreshments.

The rose is little Frances Marguerite's flower, and handsome roses were a feature of the decorations, and also figured in the remembrances brought to the daughter of the house, who is like a ray of sunshine in the home, and makes friends of all whom she meets.

FOR COUNTY COMMISSIONER.

The Eagle is authorized to announce Mr. W. L. Edge of Cottonwood as a candidate for County Commissioner of Brazos County from Precinct No. 2, subject to the action of the Democratic primaries, July 25. Mr. Edge is one of the best known citizens of the county, and a prosperous and successful farmer. He has served as county commissioner heretofore, and is thoroughly familiar with the details of the county's business and affairs generally. He has had experience in road and bridge matters, and is prompt in attention to all business for the public interest. He is well known to the voters as a man of decided convictions, reliable and trustworthy. He offers for re-election on his record for faithful service in the past, and the Eagle is pleased to present his claims.

WANTS CHRISTIAN CHURCH PLANS.

Mr. Crawford, an architect of Cleveland, Ohio, has written, under the direction of Mayor Tom Johnson of that city, to Rev. Jas. A. Challenor of this city, for information regarding the new Christian church building and blue-prints showing its construction. Mayor Johnson saw the picture of the church in some publication, and was much pleased with it. Prettier churches can hardly be found anywhere than those of Bryan. There are many larger, more magnificent, and far and away more expensive, but for attractiveness and service they are hard to excel.

WILL HOLD REVIVALS.

Rev. Jas. A. Challenor of this city has accepted invitations to hold revival meetings at Yarelltown, Milam county, and San Gabriel during the summer. He will be assisted by Mr. Parnell, who was here with Evangelist Boen. July 10 and August 1 are the dates for opening.

DR. BUTLER AND FAMILY GONE.

Dr. and Mrs. Geo. B. Butler and children and Miss Emily Peale left yesterday by the early morning train for their new home in Dallas. As a family and individually they will be greatly missed in the church, social and school life of the community. The best wishes of the people of Bryan go with them, and they will always find the latch string on the outside when they come to Eryan.

TO MARRY IN BEAUMONT.

The Eagle has received the following: Mr. and Mrs. W. J. Brogdon request the pleasure of your presence at the marriage of their daughter, Julia, to Rev. Harvey Dow Huddleston, on Thursday afternoon, June eighteenth, nineteen hundred and eight, at 3 o'clock, 1608 Long Avenue, Beaumont, Texas.

ALLISON RENOMINATED.

Venerable Iowa Senator Carries
Republican Primaries.

Des Moines, Ia., June 4.—Complete returns from the Republican primaries show Senator Allison's majority over Governor Cummins is 10,000 in round numbers. As the legislature is largely Republican, the senator will be his own successor.

William Boyd Allison was born at Perry, O., March 2, 1829; removed to Iowa in 1857; was a civil war volunteer; elected a representative to the Thirty-eighth, Thirty-ninth, Fortieth

WILLIAM B. ALLISON.

and Forty-first congresses; elected to the senate to succeed James Harlan for the term beginning March 4, 1873, and was re-elected in 1878, 1884, 1890, 1896 and 1902. His present term expires March 3, 1909. His next term will be Senator Allison's seventh.

FLEET DESTROYED.

Two Hundred and Seventy Lives Also
Lost in Typhoon.

Victoria, B. C., June 4.—The Canadian-Australian liner Manuka has arrived here bringing news of the destruction of a sailing fleet in a typhoon in West Australia, involving the loss of forty luggers and 270 lives, twenty being whites.

The disaster to the fleet of pearling luggers occurred near Thursday Island, the typhoon striking the fleet just as it was starting for the pearling grounds, completely wrecking some and driving others ashore. About twenty Australian pearlers were lost. The other victims were Malays, Manila men, Japanese and Kanakas. The survivors reported harrowing experiences, some being picked up in the last stages of exhaustion, after having cut away their masts and clinging to the wrecked hulks, while sharks followed, waiting for the exhausted men to drop from the wreckage. Many were rescued by the steamer Parro, sent from Broome as a relief steamer. The bodies of some of the victims were eaten by sharks. The beach near Broome presented a terrible sight, covered with wreckage and bodies.

GRANT'S APPLICATION.

Interesting Document Has Been Discovered at St. Louis.

St. Louis, June 4.—A document has been uncovered in the office of City Registrar Regan which shows General U. S. Grant in 1858 applied to the city of St. Louis for the position of county engineer, and was refused the place. At that time the position of county engineer was poorly paid and the principal duties dealt with the construction of county bridges and similar work.

The paper was discovered while search was being made through the records for an old St. Louis county document.

Mae O'Reilly Alive.

Rochester, N. Y., June 4.—The Rochester police department, which have been trying to locate Mae O'Reilly, the Rochester woman said by Julius Truelson to have been murdered on the Guinness farm near La Porte Ind., are in possession of information that she is living at Saratoga.

BANKERS HOPEFUL.

Financial Condition Much Better
Than Anticipated.

Fort Worth, June 4.—That Texas' financial and commercial outlook is far better than expected several months ago and that trade and investment are enjoying a healthy increase is the expressed opinion of practically all state bankers in this city attending the annual convention of the Texas Bankers' association, which is being held in the city hall. Four hundred delegates are present.

The meeting was called to order by President Chamberlain of San Antonio and the usual addresses of welcome and responses made. President Chamberlain in his address declared the recent financial panic caused bankers and business men to be more conservative, but that the situation is vastly improved. He said the future depends upon politicians, policies and crops. He evinced concern over the crop damage by floods, but concluded with the statement that Texas is attracting capital and proving a profitable field and that prosperity will continue.

Secretary Hoopes of Austin read his annual report, which shows the association gained 115 new members during the year; that 127 banks are still without the association and that the total membership is 937. Mr. Hoopes urged Texas bankers to take up aggressive legislative work and employ an attorney to aid the association. This policy meets with the approval of the association.

General currency and rate problems were taken up.

R. D. Gage of Fort Worth, F. H. Low, of Bryan, N. S. Graham of San Antonio and W. A. Boyd of Cleburne, also spoke. It is evident from all reports that the bankers are anxious for changes in the present state and national financial laws and are against the new Aldrich-Vreeland law.

ALL SWEEP AWAY.

Rise So Sudden Workmen Barely
Make Their Escape.

Denison, June 4.—All work on the Oklahoma side of the Red river bridge was swept away, the piling gone and sixty-five feet twisted like pipe stems and carried down with the tremendous current. The track had been laid and that went too. What is left of the work on the south side of the river is secured by cables. The river is on a big rise and the current runs high and with great velocity. The whole situation is at the mercy of the water, which is a freak. The rise was so sudden many workmen barely escaped with their lives.

Slain in Dance Hall.

San Francisco, June 4.—Police W. H. Haines was shot and killed early Thursday in a dance hall by a hold-up man named T. O. Young. Young entered the hall, drew a revolver and covered the bartender, who ran for the door and escaped. Haines, heard the disturbance, entered the hall. At the doorway, before he had time to draw his revolver, Young shot him and fired at close range. Young was captured and is now in prison.

Congressman Indicted.

Norwalk, O., June 4.—Congressman Lanning, formerly vice president and a director of the defunct Ohio Trust company, was indicted on seven counts charging embezzlement. He was jointly indicted with James G. Gibbs, president of the closed bank, in two indictments, in which obtaining money by false pretenses is alleged, and another indictment charging misapplication of funds.

Weak Spot Found.

New Orleans, June 4.—A weak spot has been found in the Mississippi river levee north of here at Hymella plantation, in St. Charles parish, on the west bank of the river. Two hundred laborers have been rushed to the spot and a trainload of sacks to be filled with dirt and piled on the levee sent from here. While the water is not unusually high, yet it is close to the top of the levees, and has been at this stage for such a protracted period that undermining and other weakening is being vigilantly watched for by the state engineers.
